CONTRIBUTORS

JUSTIN SWAIN is a freelance photographer based out of the Seattle, WA area. His shots are pretty, and often of pretty girls in various states of undress. For the past three years he's been specializing in glamor, lifestyle, and streetwear fashion. Swain tells us that photography has helped him express his creativity and network with some amazing people. He plans to travel as much as possible in 2015 with goals of expanding his skills and working with new models and brands. All-in-all he just wants to make "dope stuff." **flickr.com/photos/jswainv**

JENNIFER ERICKSON is a Los Angeles-based photographer who spends her time shooting beautiful, alternative girls and commercial fashions looks. Aiming to tell a story by capturing a moment in time, she combines art and fashion with a touch of her funky and colorful style in order to create unique and dynamic photos that lead the viewer into her world. Published internationally, her works have been featured in a wide array of publications that vary from covers, to advertising, and editorial spreads.**jerickson-photo.net**

HUGO VELAZQUEZ is a freelance photographer and runs Hugo V Photography. Being intrigued by creativity since childhood, Velazquez now actually gets to create his own artwork through the lens. Currently specializing in alternative-glam-boudoir and tattooed photography, his work can be seen all over the world. By being open to new ideas and challenging projects, he keeps his passion going; always looking for a better shot than last. He believes there will never be a time when nothing else is left to capture with a camera. **hugovphotography.com**

KURT AND ANDRE (the photographer duo known as D2G Photography) love to shoot tattoo models, glamour and creative beauty. They've been published around the world, but started off with a point-and-shoot camera that they would occasionally take out during other projects. From those shots, their waiting list grew. They continue to hone their skills, upgrade their gear and strive to create unique and intruiging imagery. They say, "We traval, and are always finding ways to innovate and keep People wanting more!" **d2gphotography.com**

LOREN CUTLER was raised in the Bay Area near San Francisco, CA. This a-dork-able girl has been pursuing her love for photography for a few years now and has since moved to the desert in Phoenix AZ. There, she discovered her passion for tattoo models and glamo r concepts. She adores the sexy side of photography and tries to capture each model's beauty in the best way possible. Outside of photography, Cutler loves Frank Sinatra, baseball, Morticia Adams and sci-fi movies like "The Fifth Element." **lorencutler.com**
